

## Ian Carl Ruhberg Hendrickson

May 20, 2022 - January 19, 2025

Ian was born on May 20, 2022. Despite being born with numerous medical issues, Ian beat the odds and overcame many obstacles in his short time here on earth. Our goal was for Ian to eventually receive a kidney transplant, giving him a long and fulfilling life. Unfortunately, complications from a recent illness proved to be too much for his little body.

We would like to thank the staff at Masonic Children's Hospital who have guided us through our journey. The compassion, love, and support for our family was unwavering, both in and out of the hospital.

We'd also like to thank the staff from Pediatric Home Service and Bayada Home Health care. Without you, home life would have never been possible. The nurses coming into our home felt like family, providing him excellent care at all hours of the day.

Ian had an adorable smile and infectious laugh. He was the strongest, bravest, and toughest little boy, yet still had a personality that would captivate the whole room. He was surrounded by a village of love and will be dearly missed.

## Service of the Resurrection
